The Bidder shall notify Agency or an LEA orally within five (5) business days and in writing within ten (10) business days of the date the Bidder becomes aware or should have reasonably become aware that this cause would prevent or delay its performance. This notification shall (i) describe entirely this cause(s) and its effect on performance, (ii) state whether performance under the Agreement (Purchase Order) is prevented or delayed, and (iii) if performance is delayed, state a reasonable estimate of the duration of the delay, if the nature of the force majeure event does not prevent Bidder from reasonably making this estimation. The Bidder shall have the burden of proving that this cause(s) delayed or prevented its performance despite its careful efforts to perform and shall produce within ten (10) business days of LEA's written request such supporting documentation as the Agency may reasonably request. After receipt of this notification, Agency or the LEA may either cancel the Purchase Order or extend the performance time as reasonably necessary to compensate for the Bidder's delay.

In this event, LACOE shall have no liability to pay any funds to Contractor under this Agreement. In turn, the Contractor shall not have to perform any provisions of this Agreement.
