Local Plan Section E: Annual Service Plan

California *Education Code (EC)* sections 56205(b)(2) and (d); 56001; and 56195.9

The Local Plan Section E: Annual Service Plan must be adopted at a public hearing held by the SELPA. Notice of this hearing shall be posted in each school in the SELPA at least 15 days before the hearing. Local Plan Section E: Annual Service Plan may be revised during any fiscal year according to the SELPA's process as established and specified in Section B: Governance and Administration portion of the Local Plan consistent with *EC* sections 56001(f) and 56195.9. Local Plan Section E: Annual Service Plan must include a description of services to be provided by each local educational agency (LEA), including the nature of the services and the physical location where the services are provided (Attachment VI), regardless of whether the LEA is participating in the Local Plan.

Services Included in the Local Plan Section E: Annual Service Plan

All entities and individuals providing related services shall meet the qualifications found in Title 34 of the *Code of Federal Regulations (34 CFR)* Section 300.156(b), Title 5 of the *California Code of Regulations (5 CCR)* 3001(r) and the applicable portions 3051 et. seq.; and shall be either employees of an LEA or county office of education (COE), employed under contract pursuant to *EC* sections 56365-56366, or employees, vendors or contractors of the State Departments of Health Care Services or State Hospitals, or any designated local public health or mental health agency. Services provided by individual LEAs and school sites are to be included in **Attachment VI**.

Include a description each service provided. If a service is not currently provided, please explain why it is not provided and how the SELPA will ensure students with disabilities will have access to the service should a need arise.

Language and Speech (LAS) services provide remedial intervention for eligible individuals with difficulty understanding or using spoken language. The difficulty may result from a speech sound disorder (excluding abnormal swallowing patterns, if that is the sole assessed disability); voice disorder; fluency disorder; hearing loss; or language disorder characterized by inappropriate or inadequate acquisition, comprehension, or expression of spoken and/or symbolic language. In addition, LAS services may include the incorporation of various Augmentative and Alternative Communication (AAC) systems to help the student communicate to support independent access to the curriculum and interaction with the environment, including but not limited to the following: gestures, objects, picture and symbols, communication boards, and speech-generating devices. Language deficits or speech patterns resulting from the following are not included: unfamiliarity with the English language; lack of instruction in English, dialectical factors, or limited language experience; and environmental, economic, or cultural factors. LAS specialized instruction (i.e., articulation, pragmatics, comprehension/expression, etc.) and services may be direct and may include the use of a speech-language pathology assistant, or indirect such as monitoring, reviewing, and consultation with the student, parent, teacher, or other school support and DIS personnel. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 425—Adapted Physical Education

☐

Service is Not Currently Provided

Provide a detailed description of the services to be provided under this code.

Adapted Physical Education (APE) is an instructional program that adapts or modifies state mandated physical education curriculum. APE services are delivered by an APE teacher through a direct or indirect model for students 3 years to 22 years, who may not be able to safely and/or successfully access activities in general physical education programs, as indicated by assessment and evaluation of gross motor skills performance and other areas of need. APE services may include: individually designed developmental activities, fundamental motor skills and patterns, rhythm patterns, muscular strength development and fitness, and games and sports suited to the capabilities, limitations, and interests of individual students with disabilities who may not safely, successfully, or meaningfully engage in unrestricted participation in the vigorous activities of the general or modified physical education program. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 435—Health and Nursing: Specialized
Physical Health Care

☐

Service is Not Currently Provided

Provide a detailed description of the services to be provided under this code.

Specialized physical health care services means those health services prescribed by the child's licensed physician and surgeon, requiring medically related training of the individual who performs the services and which are necessary during the school day to enable the child to attend school (5 CCR Section 3051.12[b]). "Specialized physical health care services," as used in this section, includes catheterization, gastric tube feeding, suctioning, or other services that require medically related training." ☒ 436—Health and Nursing: Other

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

This includes services that are provided to individuals with exceptional needs by a qualified individual pursuant to an IEP when a student has health problems which require nursing intervention beyond basic school health services. Services include managing the health problem, consulting with staff, group and individual counseling, making appropriate referrals, and maintaining communication with agencies and health care providers. These services do not include any physician supervised or specialized health care service. IEP required health and nursing services are expected to supplement the regular health services program.

☒ 445—Assistive Technology

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Assistive Technology (AT) supports and services are based on individual student needs and not dependent on educational placement. AT focuses on student access to curriculum to bridge the gap between the demands of the curriculum and the student's functioning level. Multi-Tiered System of Support (MTSS) collaboration is frequently the initial step in intervention to address access challenges with accommodations, with a comprehensive AT assessment available for more complex student access needs. The range of supports and services may include specialized training and technical support by the AT assessor, assistive devices, adapted computer technology and digital resources within the educational program to improve functional access for the student. The AT support cycle includes a functional analysis of student needs, selecting, designing, or customizing appropriate devices, coordinating services, training or technical assistance for the student, family and school staff and ongoing support for the student's academic career.

☒ 450—Occupational Therapy

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Occupational Therapy (OT) services are provided, pursuant to an IEP, by a licensed Occupational Therapist (OT) or licensed Occupational Therapy Assistant (OTA). OT works collaboratively with the IEP team to foster self-determination and participation in the educational setting. OT includes services to improve a student's educational performance, postural stability, balance, self-help abilities, sensory processing and organization, motor planning and coordination, visual perception and integration, social and play abilities, and fine motor abilities. OT can support executive functioning skills such as attention, arousal regulation and organization with collaboration with the classroom teacher and

accommodations. Both direct and indirect services may be provided within the classroom, other educational settings, in groups or individually, and may include therapeutic techniques to develop abilities, adaptations to the student's environment or curriculum, and consultation and collaboration with other staff and parents. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 460—Physical Therapy

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Physical Therapy (PT) services are provided, pursuant to an IEP, by qualified physical therapists (PT) licensed in the state of California. School-based PTs work collaboratively with the IEP team to recommend services as appropriate that are individualized to each student that address physical access, functional mobility, and gross motor skill development. School-based PT focuses on independence within the student's current educational environment as well as meeting postsecondary outcomes. Physical therapy services are provided in the student's actual physical environment whenever possible to address individual needs. Based on the student's goals, services are provided in an individual or group setting, and may focus on skill acquisition, removal of physical barriers, accommodations, and/or consultation to the IEP team, which can include the student's classroom teacher, support staff, and family. Underlying areas addressed include, but are not limited to, motor control and coordination, posture and balance, motor planning, strength and endurance as they relate to a student's ability to access and participate in the daily curriculum. School based physical therapists also collaborate with the student's team to develop Multi-Tiered Systems of Support (MTSS) Tier 1, 2, and 3 strategies as well as educate school staff regarding wellness, prevention, and health. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 510—Individual Counseling

Provide a detailed description of the services to be provided under this code.

Counseling is delivered by a credentialed provider, pursuant to a student's IEP goals, and may be provided in an individual setting. Counseling is provided when deemed necessary for the student with an IEP to benefit educationally from their instructional program. Counseling may focus on one or more areas of social-emotional learning competencies to include self-awareness, self-management, social awareness, and social management, in alignment with the California Department of Education. Counseling may include Educationally Related Intensive Counseling Services (ERICS) for a student whose social-emotional and behavioral needs are documented to be more significant in frequency, duration, or intensity; affect their

☒ 515—Counseling and Guidance

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Counseling in a group setting, provided by a qualified individual pursuant to an IEP. Group counseling is typically social skills development, but may focus on aspects, such as educational, career, personal, learning problems or guidance programs for students. IEP-required group counseling is expected to supplement the regular guidance and counseling program. (34 CFR §300.24(b)(2)); CCR Title 5 §3051.9) Guidance services include interpersonal, intrapersonal or family interventions, performed in a group setting by a qualified individual pursuant to an IEP. Specific programs include social skills development, self-esteem building, and assistance to special education students supervised by staff credentialed to serve special education students. These services are expected to supplement the regular guidance and counseling program. (34 CFR 300.306; CCR Title 5 §3051.9). Counseling may include Educationally Related Intensive Counseling Services (ERICS) for a student whose social-emotional and behavioral needs are documented to be more significant in frequency, duration, or intensity; affect their ability to benefit from their special education program; and are manifested at school, at home, and in the community. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 520—Parent Counseling

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Parent workshops are provided by a qualified individual pursuant to an IEP to assist the parent(s) of special education students in better understanding and meeting their child's needs and may include parenting skills or other pertinent issues. IEP required parent counseling is expected to supplement the regular guidance and counseling program. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 525—Social Worker Services

☐ *Service is Not Currently Provided*

Section E: Annual Service Plan

SELPA: LOS ANGELES UNIFIED

Fiscal Year: 2025-26

Provide a detailed description of the services to be provided under this code.

Social work services, provided by a qualified individual pursuant to an IEP, include, but are not limited to, preparing a social or developmental history of a child with a disability, group and individual counseling with the child and family, working with those problems in a child's living situation (home, school, and community) that affect the child's adjustment in school, and mobilizing school and community resources to enable the child to learn as effectively as possible in his or her educational program. Social work services are expected to supplement the regular guidance and counseling program.

☒ 530—Psychological Services

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Psychological services are provided by credentialed school psychologists. Students are generally referred for assessment through their school of residence following a prescribed, mandated, pre-referral intervention process. Services include individual psychological and educational testing, and interpretation of assessment results for parents and staff to support IEP development. Eligibility recommendations are made by school psychologists after gathering data through assessment and applying eligibility criteria as defined by law; eligibility determination and service recommendations are made by IEP teams. School psychologists apply expertise in mental health, learning and behavior to help children and youth succeed academically, socially, behaviorally, and emotionally. They also provide individual and group counseling for children, and consultation with staff and parents. School psychologists work with school administrators to improve school-wide practices and policies and collaborate with community providers to coordinate needed services. Additionally, school psychologists provide crisis prevention and intervention services within their assigned school communities. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 535—Behavior Intervention Services

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

A systematic implementation of procedures designed to promote lasting, positive changes in the student's behavior resulting in greater access to a variety of community settings, social contacts, public events, and placement in the least restrictive environment. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☐ *Service is Not Currently Provided*

☒ 610—Specialized Service for Low Incidence Disabilities

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Low Incidence services are defined as those provided to the student population with a documented Low Incidence disability such as orthopedic impairment (OI), visual impairment (VI), deafness (DEA), hard of hearing (HOH), or deaf-blind (DB). Typically, services are provided in educational settings by an itinerant teacher or specialist in the designated area. The need for Low Incidence Support is individualized to each student. Collaboration and/or consultation is provided to the teacher, staff, and parents as needed. These services are prescribed as part of the student's Individualized Education Program (IEP). All service provision is based upon the student's assessed need and is provided in accordance with the mandates of the IEP and state and federal guidelines. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 710—Specialized Deaf and Hard of Hearing Services

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

The Deaf Education Program serves eligible students with documented hearing differences that may impact their language, communication skills, and access to the core curriculum, offering services to students ages 3 to 22 through both Itinerant and Deaf Education Special Day Classes. In alignment with the California Department of Education, LAUSD accepts and respects all languages, communication supports (such as ASL/English interpreters, assistive listening devices, hearing technology, and captioning), and educational approaches (including

Section E: Annual Service Plan

SELPA: **LOS ANGELES UNIFIED**

ASL, English, and students' heritage languages). The Deaf Education Itinerant Program includes Teachers of the Deaf, Educational Audiologists, and ASL/English interpreters, providing specially designed instruction and services across general education classrooms, special day programs, special education centers, and Career and Transition Centers (CTC). The program focuses on specific skills based on student needs, such as auditory skills development, self-advocacy, language skills, and Auditory Verbal Therapy/Listening and Spoken Language Intervention. Students receive support through ASL/English interpreters and/or hearing technology, ensuring access to general education classes and extracurricular activities. Collaboration with general education teachers, school staff, and parents is essential for student success. Special Day Programs are also available to meet Deaf students' unique language, communication, and hearing access needs. These programs include instruction in both ASL and spoken/written English, as well as speech therapy, auditory training, and hearing technology, tailored to individual student needs. The ASL/English (AEB) Special Day Program is available at select elementary, middle, and high school campuses, providing core and modified core curriculum instruction with direct ASL instruction and spoken English interpreters. The Listening and Spoken English (LSE Special Day Program) is offered at select elementary and middle school campuses with core curriculum instruction.

☒ 715–Interpreter Services

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

An "educational interpreter" provides communication facilitation between students who are deaf or hard of hearing, and others, in the general education classroom and for other school-related activities, including extracurricular activities, as designated in a student's IEP.

☒ 720–Audiological Services

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

The Audiological Resource Unit (ARU) provides a comprehensive audiologic evaluation completed by an Educational Audiologist for any child from 3 to 22 years of age. District schools refer students to the ARU when there is a suspected hearing difference, a failed audiometric screening, or a teacher or parent concern regarding a student's hearing ability. Members of the school's multidisciplinary team who facilitate listening, learning, and communication access counsel students with hearing differences and their families regarding hearing levels and act as a liaison between outside agencies and schools. Additionally, the Educational Audiologists are part of the team that assesses students with suspected Central Auditory Processing Disorder (CAPD). The Educational Audiologists also provide Designated Instructional Services (DIS) to students receiving Deaf Education services in special day programs, provide consultative services to students receiving Deaf Education Itinerant Services, and provide support services and professional development relating to students'

hearing levels and hearing technology to students, teachers, families, and other school staff.

☒ 725—Specialized Vision Services

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

This is a broad category of services provided to students with visual impairments. It includes assessment of functional vision, learning medium, and access technology needs; curriculum modifications necessary to meet the student's educational needs including Braille/tactual, large print, and aural media (both traditional paper and digital media); instruction in the nine areas of the Expanded Core Curriculum (ECC): compensatory skills, independent living skills, self-determination, assistive technology, career education, sensory efficiency, orientation and mobility, recreation and leisure, and social interaction skills. It may include coordination of other personnel providing services to the students such as orientation and mobility specialists, transcribers, readers, counselors, career/vocational staff, Instructional Aide Braille staff, and others, in collaboration with the student's classroom teacher. Teachers of students with visual impairments (TVI) may provide instruction in the use of specialized materials and equipment necessary to access the curriculum in educational settings such as a VI Special Day Program (resource room), or the Low Incidence Learning Center (LILC) on a general education campus. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 730—Orientation and Mobility

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Students who have a VI (visual impairment) eligibility are trained in body awareness, spatial concepts, and mobility (travel) skills. Students are instructed in the skills needed to travel safely and independently around their school and community. Instruction is systematic and intended to promote equal access as well as integration opportunities within a student's classroom, school, and community environments. Service delivery models include direct, collaboration and consultation. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 735—Braille Transcription

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

☒ 740—Specialized Orthopedic Services

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

This program serves eligible students with orthopedic disabilities whose educational performance is significantly impacted. The supports/ and or services for learning are focused on accommodations and adaptations necessary to access the curriculum and the educational setting. Service providers consult and collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed. Supports and services may also include specialized materials and equipment.

☒ 745—Reader Services

☐ *Service is Not Currently Provided*

☒ 760—Recreation Service, Including
Therapeutic Recreation

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

Recreation Therapy (RT) services are provided in accordance with a student's IEP, by a qualified recreation therapist with a certification of Recreation Therapist Certified (RTC) from the California Board of Recreation Therapy Certification; or Certified Therapeutic Recreation Specialist (CTRS) from National Council of Therapeutic Recreation Certification. RT services address fostering independence and improving a student's ability to develop and utilize the necessary social and activity skills required for participation in the educational setting, including school based cooperative learning, cooperative play, social recreation and leisure, lesson and activities, across school environments. RT services includes improvement of reciprocal interactions, perspective taking, social and group interactions, peer relationships, social and play skills, leisure education, including functional leisure routines, exploration and development of interests and awareness of personal, school and community resources. RT services range from direct and indirect services for individuals or groups, intense intervention targeting functional skill development, facilitation of activities and lessons where skills are applied in a practical manner and generalized. This continuum of support utilizes collaboration and consultation with other staff and parents. RT services support the transition from school to community programs and the lifelong pursuit of independent and healthy leisure and recreation engagement. Service providers collaborate with teachers, school support staff, and parents/guardians, and may provide support, guidance and training as needed.

☒ 820—College Awareness Preparation

☐ *Service is Not Currently Provided*

Provide a detailed description of the services to be provided under this code.

College awareness provides students with an understanding of higher education opportunities. This includes career planning, course prerequisites, financial aid, and admissions eligibility. Using the CDE-approved template provided in **Attachment IV**, provide a complete distribution of revenues to all LEAs participating in the SELPA by federal and state funding source.

D-9. Special Education Local Plan Area Allocation Plan

- a. Describe the SELPA's allocation plan, including the process or procedure for allocating special education apportionments, including funds allocated to the RLA/AU/responsible person pursuant to *EC* Section 56205(b)(1)(A).

The Los Angeles Unified SELPA is a single district SELPA representing the Los Angeles Unified School District. Revenues are fully allocated to the LEA. As a single district SELPA, the services are provided through the LEA. LAUSD offers a continuum of services and tracks each service location code

- b. ☒ YES ☐ NO

If the allocation plan specifies that funds will be apportioned to the RLA/AU/AE, or to the SELPA administrator (for single LEA SELPAs), the administrator of the SELPA, upon receipt, distributes the funds in accordance with the method adopted pursuant to *EC* Section 56195.7(i). This allocation plan was approved according to the SELPA's local policymaking process and is consistent with SELPA's summarized policy statement identified in Local Plan Section B: Governance and Administration item B-4. If the response is "NO," then either Section D should be edited, or Section B must be amended according to the SELPA's

Supplemental Aids and Services and Students with Low Incidence Disabilities (D-12 to D-15)

The standardized account code structure (SACS), goal 5760 is defined as "Special Education, Ages 5–22." Students with a low incidence (LI) disability are classified severely disabled. The LEA may elect to have locally defined goals to separate low-incidence disabilities from other severe disabilities to identify these costs locally.

D-12. Defined Goals for Students with LI Disabilities

Does the SELPA, including all LEAs participating in the SELPA, use locally defined goals to separate low-incidence disabilities from other severe disabilities?

☐ YES ☒ NO

If "No," describe how the SELPA identifies expenditures for low-incidence disabilities as required by *EC* Section 56205(b)(1)(D)?

Unique LI program code is assigned.
