

**Los Angeles County  
Office of Education**

Homeless Education

**AB 27 Website Review Checklist**

School districts and charter schools shall create a webpage or post to its existing website with both of the following:

- A list of the liaisons in that district and charter school, and the contact information for those liaisons.
- Specific information on homelessness, including information regarding the educational rights and resources available to persons experiencing homelessness.

Use this light website checklist to ensure compliance with AB 27 by quickly identifying areas of improvement in content, policies, and accessibility standards. Addressing these issues proactively helps build trust with users by demonstrating adherence to regulatory requirements.
